

MORE Leg Room than any other brand!

Panel Leg HP Seminar Tables:

- The Correll Knife-Lock Folding Mechanism allows the most leg room of any Seminar Table design on the market. And it is now available in a classy new Panel Leg design.
- The Correll Knife-Lock is mounted on the back of the leg upright, for maximum comfort, and unobstructed leg room. Tables fold easily for handling, and set up quickly with a solid "snap".
- Top is High-Pressure Laminate for a smooth, hard writing surface, with a 3/4" High-Density Particle Board Core, and a Backer Sheet.
- Attractive Panel Leg design dresses up any meeting room or office. Legs are Rectangular Steel tubing, with Nylon Leveling Glides.
- Available in Standard 29" Height, and 22" to 32" Adjustable Height
- Casters Available (2 Standard, 2 locking) for 24" wide tables only, Casters add 2" to height, recommended only for 24" Adjustable Height Tables.
- Custom Built to Order: Normally ships in 3 to 5 Business Days.
- Available Colors: Walnut, Medium Oak, Dove Gray, Gray Granite, Black Granite. All have Black Frames and T-Mold. See PX-Series on Price List for Optional Colors.

Use RC350 Folding Chairs with these Tables!

T-Leg Plastic Top Seminar Tables:

- Same waterproof and virtually indestructible top as our regular R-Series Heavy Duty tables, but with our Delux T-Leg design, and the Correll Knife-Lock Folding Mechanism for the most leg room of any Seminar Table on the Market. 1" x 2" Steel Legs with adjustable Nylon Glides
